PRICE LIST OF AFRICAN VIOLET LEAVES (ROOTED & UNROOTED)

*Effective until February 1, 1958***Plants available in PINK CELEBRITY and SHOW STAR only.**

PLEASE READ CAREFULLY BEFORE ORDERING: Prices listed are for unrooted leaves. Whenever possible, however, we will try to fill your order with rooted leaves (in vermiculite). There will be no extra charge if the leaves are rooted. That will be your bonus, and we'll always try to send as many rooted leaves to you as possible. We don't expect to have to substitute, but it will help us immensely if you will name several extra varieties you might like. Then, if we are able to include any free leaves in your order, we'll know what you prefer. Orders received from February 1 until June 1 are filled in order of receipt starting April 1, and are not acknowledged, so that our time can be spent on shipping. Orders received from June 1 through November 1 (the end of our shipping season) are usually mailed within ten to fifteen days of receipt. Orders received from November 1 until February 1 will be acknowledged and booked for spring shipment. Our 1958 list will be ready by March 1958.

PLEASE NOTE: To speed delivery, all orders are sent by first-class mail, using blocks of commemoratives. No orders are accepted under \$3.00, and on orders below \$5.00 please add 50¢ for postage and packing. Airmail is 50¢ extra up to a \$5.00 order and 5¢ more for each \$1.00 of the order above that. We guarantee safe delivery anywhere in the United States. Unused stamps cannot be accepted as payment.

All leaves are labeled and true to name. Variegated varieties may bloom a solid color at first, but many come variegated later.

- SHOW SHADOWS--Excellent, large flowered, variegated dark blue and white. Grows into large plant and blooms well in spite of its giant flowers.
- SHOW STAR--Leaves of this outstanding variety (See picture and description) do not propagate completely true. Therefore, we suggest that you buy SHOW STAR either in the \$1.00 or \$1.50 size plants, as all plants we sell are guaranteed to bloom true. However, many of you have stated that you want to buy leaves, so we are offering them at 2 for \$1.00 and no less than 2 to an order. This is because there is more chance to get some true plants starting from 2 or more leaves. These leaves will be rooted whenever possible, but since SHOW STAR propagates about 75% true by leaf, the leaves are not guaranteed to produce true plants.
- SHOW WINNER--Gigantic two-toned lavender flowers on quilted medium-green foliage. A real eye-stopper, exquisite double flowers.

SHOW STAR

**IT WAS THE MOST OUTSTANDING AND UNUSUAL VARIETY
SHOWN AT THE 1955 NATIONAL AFRICAN VIOLET SHOW
IN PITTSBURGH!**

As far as we know, no other violet can approach SHOW STAR in type of flower and color combination. Imagine this!! Each flower is of true medium pink in color with a perfect wide blue star. And here's the best part of the good news! Unlike most violets with stars in their flowers, THIS PROPAGATES TRUE FROM LEAVES!! It is a seedling I have been working on for several years through the variety Fantasy. Like Fantasy, when started from leaves, it will occasionally produce a plant with solid colored flowers (in this case, pink). However, the greater percentage of plants you start from leaves will be perfectly true and will always continue to produce only pink flowers with blue stars. THIS IS TRULY THE MOST SENSATIONAL AFRICAN VIOLET EVER OFFERED FOR SALE!!
